

Hello! I'm J.J. DiBenedetto, the author of the **Dream Series**. I live in Arlington, Virginia with my lovely wife and Danny, a white cat who's trained us both. I'm originally from Yonkers, New York. I love the New York Giants, fondue, photography, travel, the opera and (this will be no surprise!) I'm a huge science-fiction and fantasy geek.

And what is the **Dream Series** about? It's all about Sara (that's her below, in college, in medical school, and out for a night on the town with her husband). She's a perfectly ordinary young woman—except that she can step into other people's dreams...

The **Dream Series** combines romance, suspense, humor and heart with a unique supernatural twist. Flip this card over to learn about all the books!

Meet Sara. She's an ordinary college student. She's worried about final exams, Christmas shopping, applying to medical school and, maybe, finding a boyfriend. Oh, and she can step into other people's dreams...

Sara's got her hands full coping with her first month of medical school, not to mention life as a newlywed. She doesn't need to visit anyone else's dreams. Unfortunately for her, it's still happening...

Sara thought visiting other people's dreams was complicated. But when her four-year-old daughter displays the ability to do it, too, "complicated" doesn't begin to cover it...

A mistake by the police lands Sara in jail, and after a horrifying experience, the only way she can put herself back together again is by embracing the supernatural dreams that have almost gotten her killed in the past...

Sara thought that visiting dreams only ran in her family. But when she discovers a mysterious woman in red visiting her husband's dreams, she knows that's not true. Now Sara's got the one thing she never imagined she would have: a nemesis.

Sara is headed back to college for her ten-year class reunion. And her supernatural dreams are coming, too...

Sara and her family have moved to a new town. Everything's great – except all her co-workers hate her, and she keeps visiting the dreams of an old man who's seeing visions of the whole town wiped out by a natural disaster...

Sara's taking the family on a vacation to Paris. But when her oldest daughter is seduced by a Parisian boy and runs away, Sara's gift for dreaming deserts her just when she needs it to find her...

When a patient dies from a mysterious illness, Sara won't rest until she can figure out what happened. But the people responsible don't want anyone to find out, and they're willing to silence Sara permanently to be sure the mystery remains unsolved...

Sara's daughter Lizzie is about to get married. But there are a few hitches on the way to the altar: a car accident that almost kills Sara's son is one problem, and then there are Sara's – and Lizzie's – supernatural dreams getting in the way of true love...
